

Bender

Don't Look Down

Inspiration has got the worst of me again
Let's think this over, think this through
Nothing's easy, nothing except you
Bending over and over again Believe me when I tell you
The words I say are true
And everything you say means nothing now
'Cause it's all been said and done Start over, make this brand new
There's nothing left to hold on to
Understanding, it's just too much for me to take
You keep pushing 'til I break Believe me when I tell you
The words I say are true
And everything you say means nothing now
'Cause it's all been said and done
