

Princess Dreams

Lucky 7

Wanna take you for a ride underneath the moonlit sky.
Like in true romance we can ditch this town wel never say goodbye.
Wee gonna leave this crowd behind us.
Theye never gonna find us.
Theyl never see the starlight in your eyes.
The road is on our side.
Wee gonna leave the past behind, princess dreams are forever.
Il run my fingers through your hair.
Youe the fairest of the fair.
I gonna look into your eyes so I can tell you that I love you.
Wee gonna cast our cares to Vegas.
Maybe that will save us.
Wee acting like tonight will never end.
Il never let you down.
It always be around to catch you when youe falling.
And promise me I found.
You l always be around to catch me when I falling down.
Wee gonna leave this world behind us.
Wee gonna leave this world behind us.
I wanna take you for a ride.
Wel ditch this town and never say goodbye.
Wee gonna leave this crowd behind.
Theyl never see the starlight in your eyes, in your eyes.
