Sparkly, lower lower lower lower  
Got the bubbly pourin' through me  
Got the bubbly pourin' through me  
Sparkly bubbly pourin' through me  
Got the bubbly pourin' through me, sparklyDiamond runnin' strangers in paradise  
Over flash sugar cane alley cats Lo in parade  
With the black spades Courvoisier spillin' on the rocks  
Intoxicating the satin dogs with his private bandsAnd it don't stop to the midnight, this glass got me right  
Only live lo light don't drown in the mo dawn  
On to the disco, Sisco got me laced  
Scorch a half a quart then E&J get chased  
Bronx vigilantes, call us big willas  
Diamond crook avengers, sheeba doll stealersGive me sunshine dada, have twenty one convictions solute  
For the Africaaner midnight express how we do, hold my razors buku  
Jiggas and figas of coolie faceded shadow boxers  
Under cover faggot lovers dig my satin struthers  
Coolie high, we were on the sky, fro and the fly  
Car wash bubble out in a grand stand land  
Gold dey day sip the slick and the stoute  
Sticky self, sticky self, bye-byeEvery district bring the mischief sing the sweet back  
Blaze the schama, drop the vac, push the seat back  
Diamante catch reflect off the chrome rim  
Private stock drenched me, I can't stop from bubblin'  
Ally cat anthem, always bless the instru  
Jungle brown see smoke complete the Lo officialSparkly got the bubbly pourin' through me

Got the bubbly pourin' through me, sparklyWelcome to shadowin' heaven, it's the seven layers of pleasure  
My genuine draft with the lower accurate measures  
Precision on beats if your camp is wanted where ever  
I'm bring in the vein, clappin' rythmes to stormy weathersBro', kissin' in quiet fire, higher will get us lower  
Stauffer, she coffee diggin', riggin' in shattered lifers  
We only jive talkin' razor keep cotton squawkin'  
Blazin' the loose cannons on top of white diamonds sands  
Street corner symphonies spillin' prisons are lower twistin'  
Brown Hornet keepin' it nappy keep us on, keepin' onMany a shades of black gleamin' of the roof of the AC

Don't know how to act wildin' with the non-chalant pack  
Slappin' the thieves with the unbelieve that it be  
Shakin' your block with the six million dollar bop  
Just stop the bloodclot tears for years, we air-tight  
On another flight until the fahrenheit Harlem night  
I'm shakin' your thoughts keepin' the Lo blaze sharp for life  
It's a jungle masquerade and we forever stone trife That check out the car comin' from the island of ice  
No contact with sheist bubblin' with Mr. Midnight  
And talkin' in jive floatations with cases of slick  
And shovelin' herb hip tone from black belt jones  
The ebony junction'll be the function yo, dig it  
Time to shake a leg, get up in your wing suga Sparkly got the bubbly pourin' through me
