

Stay Low

Ryn Weaver

Let the night come
Dim the lights some
Whisky lemon
Let the time goWay slow
Let the records play low
Like the sun goes way low
Lay me down, love, lay low, oh
Stay low
Stay low
Stay low
Stay low
Stay lowSlow day but I passed the time
Coffee and a half a pack
Said I'm thinking about you and I
Took a while but you hit me back, and you know
I get so sick of the telephone
I'll grind, you grind then I'll take you home
Tell me if your day was rough and then you let me make it right
King-sized passenger side, let's ride, hm
Stay low
Stay low
Stay low
Stay lowLet the night come
Dim the lights some
Whisky lemon
Let the time goWay slow
Let the records play low
Like the sun goes way low
Lay me down, love, lay low, oh
Stay low
Stay low
Stay low
Stay low
Stay lowSlow day but I passed the time
Coffee and a half a pack
Said I'm thinking about you and I
Took a while but you hit me back, and you know
And you know
And you know, ooh, ooh

Stay low
