

Down Down

The Coathangers

Say it and forget it
They got you cause you had it
And I ain't mad I'm feeling down down down down Commit to what you want to
With one arm twist around you
Cause I still had you going down down down down Just the way that it goes
Just the way that it goes You've got those vertigo words
Telling me what I deserve
It's all I hear when we been down down down down It's like I'm not in the room
A made up friend tired of you
Silence got me feeling down down down down
Just the way that it goes
Just the way that it goes
Don't worry all about me
I don't need you at all Just the way that it goes
Just the way that it goes It's just the way that it goes
Just the way that it goes It's just the way that it goes
Just the way that it goes Don't worry about me
I don't need you at all Just the way that it goes
Just the way that it goes It's like I'm not in a room
A made up friend tired of you
Silence got me feeling down down down down
It's just the way that it goes
Just the way that it goes
Don't worry about me
I don't need you at all Just the way that it goes
Just the way that it goes Don't worry baby
Don't worry baby Just the way that it goes
Just the way that it goes
Just the way that it goes
Just the way that it goes
