

# Through Crowded Rooms

## Unfinished Thought

I Feel Good From Certain Angles  
I Cast Light In Certain Circles  
And When I Feel My Crazy Drifting  
I Grab On To Sharper Handles I Feel Loved But I Am Empty  
I Walk Straight With Fear And Envy  
And When I Feel The Stares I'm Dizzy  
Standing Yes But Less Convincing My Body Moves  
Through Crowded Rooms  
While People Prove To Me  
There Is No Hope My Fears Will Change I Set Fires With My Side View  
You Can Follow If You Have To  
And When I Feel Like Making Endings  
You Will Feel My Signal Take You I Stop Clocks With Blind Precision  
No One Knows My Traffic Vision  
And When I Feel The Surface Give In  
Time Has Stopped I've Failed My Mission My Body Moves  
Through Crowded Rooms  
While People Prove To Me  
There Is No Hope My Fears Will Change
