Low Rider Jeans

Brooke Hogan

Hey guys have you seen my duh dun duh duns
My duh duh duh duh duh duns
I will play you just like thisCruising down the 101 at a stop light
Everybody's having fun, gonna get right
Platinum hair and rockapoos, I'm the biggest truck in news
Stomping in my gator boots, think you better run onYou think I'm sexy cool, just watch you'll see you drool
Stop looking up and down, there's more of you to go around
Don't say I'm just a dits, a teaser just a flit
'Cause I will promise this, I will play you just like thisLow rider jeans hug a little tighter, oh yeah
And low rider jeans hug a little lower, oh noYou think I'm sexy cool, just watch you'll see you drool
Stop looking up and down, there's more of you to go around
Don't say I'm just a dits, a teaser just a flit
'Cause I will promise this, I will play you just like thisYou think I'm sexy cool, just watch you'll see you drool
Stop looking up and down, there's more of you to go around
Don't say I'm just a dits, a teaser just a flit
'Cause I will promise this, I will play you just like thisTick tock on the clock let me see you whirl
Everybody's screaming, Pretty fly for a white girl
Living expedition, platinum black new edition
Kinda not but really hot, whatcha think I can't popMy thighs, my hips, my eyes
Have got you going crazy, ooh aha
My lips, my thighs, my eyes
Have got you going crazyUno, dos, thresLow rider jeans hug a little tighter, oh yeah
And low rider jeans hug a little lower, uh, oh no
Low rider jeans hug a little tighter, oh yeah
And low rider jeans hug a little lower, noYou think I'm sexy cool, just watch you'll see you drool
Stop looking up and down, there's more of you to go around
Don't say I'm just a dits, a teaser just a flit
'Cause I will promise this, I will play you just like thisYou think I'm sexy cool, just watch you'll see you drool
Stop looking up and down, there's more of you to go around
Don't say I'm just a dits, a teaser just a flit
'Cause I will promise this, I will play you just like this
