

Move With Me Slowly (Phil Chorus Vocal)

Def Leppard

I'm lost in imagination
Still contemplate animation
I just groove on your breathing
I do it all for you You've got a problem witcha boyfriend
He don't squeeze you right
He got you face down and waiting, baby
Keep you waiting all night so do me a favor Won't you move with me slowly
Get too close to me
Move with me slowly
Just like we're meant to be
Just like we're meant to be Hey, say sister, you're dreaming
You got stars in your eyes
A little conscious behavior
Is gonna cut you down to size You hear me knocking
So let me in
When your blood runs cold
And your love wears thin It's over passion
It's under the skin
If love ain't a miracle
It sure ain't a sin so let me in Take me to the city
Take me on my knees
Take me anyway You find me, baby
I've got this love disease
And there ain't nothin' I can do
