

# Heartbreak Road

## Sweet Caroline

Still got your number babe,  
read all your letters twice.  
You treated me bad.  
You were the one for me,  
you showed me everything,  
when everyone else slammed the door. Where did our love go,  
why is it Heartbreak Road,  
You're not the one for me.  
Did I just waste my time. Saw you the other night,  
she held you oh so tight,  
doesn't she know... We met in San Francisco,  
I showed you the time of your life,  
Culture and elegance  
all in a trolley ride.  
Some days it seemed like the world could be ours,  
Now that it's over,  
I'm seeing stars...
