

So Good (Demo)

[Kelley James](#)

Like summertime as kid
Not a care in the world
Fireworks at night
By the pool in the afternoon
Like a first kiss from a first love
Lips like a drug couldnt get enough
Like mamas home cooking
With the fam on a Sunday night
The game winner, making the grade
The best couch fort that you ever made
Only one way to describe it all
And thats good, so goodIm talking about S-O G-Double-O-D Good
Its just so S-O G-Double-O-D Good
Thats so S-O G-Double-O-D Good
Its so good, so goodYour favorite band, their #1 song
With all of your friends as you sing a long
When youre making memories with your crew
on a Friday night
Vacation in the sand, when it all works out just like you planned
Its just so perfect and you didnt even have to try
Sparks on the first date in that new pair of shoes
Movie night at their place on date number two
But theres only one way to describe it all
And thats good, so goodWhen there aint no one
Who stands in front
Of you and your dreams
And when you come home
To the ones you love
You dont ever wanna leave
Thats when its S-O G-Double-O-D Good
