2NE1, 2010, you know how we do it

If you ain't know, now you know

Let me show you somethin real quick, follow me

Try to copy me, Try to copy me, Try to copy me, like this

Try to copy me, Try to copy me, Try to copy me, like this

Try to copy me, Try to copy me, Try to copy me, like this

Try to copy me, Try to copy me, Try to copy me, like this

take a breath, please stop and rest and quickly follow me

now throw away your thoughts just move however you want

lets see what happens when we run wildy, feels good tonight

don't close your eyes cause we'll be going faster

I got that thang thang if you know what I mean

It goes bang bang, you can't handle it

ha ha ha something fun, say la la la I'm a special girl

Call me m-i-n-z-y m-i-n-z-y, Yes, look out, let's go!

Try to copy me, Try to copy me, Try to copy me, like this

Try to copy me, Try to copy me, Try to copy me, like this

Try to copy me, Try to copy me, Try to copy me, like this

Now stop being self concious, and show it to me

its what you wanted, step by step, please don't stop

let's try flying together up in the sky

hold on tight to your spirit cause we'll be going higher
