Sandy

Richie Havens

Sandy made me promise
Not to tell,
Not a soul must know
How well we love.

Stars and moons
And galaxies can?t compare
With I see in her eyes.

She loves to live
And lives to love
Happily.

I give her love
And take her love
Gratefully.

Stars and moons
And galaxies can?t compare
With how I see her eyes.

Sandy made me promise
Not to tell,
Not a soul must know
How well we love.
