Starbreaker

Judas Priest

Look out, here's Starbreaker
Cruisin' into town
Set his mind to stealin'
Every lil' heart around
Step out on the sidewalks
If you're feeling game
He comes but once a lifetime
Never seen again
Starbreaker
Glides in from the sky
Starbreaker
Takes you up so high
Paradise is waitin'
For the chosen few
Let's hope maybe this time
He picks me an' you
Star voyage to a new world
Light year miles away
Cross your fingers, here he is
Take us now this day, yea
Starbreaker
Glides in from the sky
Starbreaker
Takes you up so high
Starbreaker, take my hand
Starbreaker, understand
Starbreaker, you're the one
Starbreaker, lead us on, and on
Look out, here's starbreaker
Cruisin' into town
Set his mind to stealin'
Every lil' heart around
Step out on the sidewalks
If you're feeling game
He comes but once a lifetime
Never ever seen again, oow
Starbreaker
Glides in from the sky
Starbreaker

Takes you up so high
Starbreaker
Glides in from the sky
Starbreaker
Takes you up so high
Starbreaker
Glides in from the sky
Starbreaker
Takes you up so high
Starbreaker
Glides in from the sky
Starbreaker
Takes you up so high
Starbreaker
Starbreaker
Starbreaker
Breaker
Starbreaker
