Rock, rock, rock, rock
Pac-Man is loving itRock more, roll more
Fuck more, Pac-Man is loving it
Rock more, roll more
Fuck more, Pac-Man is loving itA cloudy vision, absence of granter
I don't care what is wrong or right
The earth is bleeding and secreeding madness
Petrified, gone dry insideThe wheels keep turning and the clock is pounding
And there's only more and more that I want
And through the things you can still feel the sounding
Of the maze, of the place where things still matterRock more, roll more
Fuck more, Pac-Man is loving it
Rock more, roll more
Fuck more, Pac-Man is loving itI lost the feeling, a sense of numbness
And it's spinning like you're top out of sight
Climb out the window, what the hell do you know?
You don't even seem to put up a fightCreated by me, for me
It's a place called reality
Broken mirrors and broken promises made easily
But I just want you toRock more, roll more
Fuck more, Pac-Man is loving it
Rock more, roll more
Fuck more, Pac-Man is loving itRock more, rock more
Rock more, rock more
Rock more, rock more
Rock more, rock more
RockI get down on my knees
Fuck more

Pac-Man is loving itRock more, roll more
Fuck more, Pac-Man is loving it
Rock more, roll more
Fuck more, Pac-Man is loving itRock more, roll more
Fuck more, Pac-Man is loving it
Rock more, roll more
Fuck more, Pac-Man is loving itRock more, roll more
Fuck more, Pac-Man is loving it
Rock more, roll more
Fuck more, Pac-Man is loving itRock more, roll more
