

Orion's Belt

Ports of Aidia

These old veins
Don't bleed the same
These old veins don't

These old veins don't bleed the same
Crimson turned to copper
But it's just the color
Dried up and cold
Just like the weather

I feel like I'm tracing my footsteps
For an answer I've missed
An answer I've missed
So long ago

Keep both my, keep both my
Keep both my, keep both my
Keep both my, keep both my
Keep both my feet on the floor

Keep both my feet on the floor
Put my face toward the window
The stars above and the lives below
I just wanna feel alive

I point my hand straight to the sky
Connect the stars by a point of a finger
I'll make my own constellation

The proposition to move left to right
Should I set my pride aside or
Be to blinded to turn and fight
To turn and fight
To turn and fight

Keep both my, keep both my
Keep both my, keep both my
Keep both my, keep both my
Keep both my feet on the floor

Keep both my feet on the floor
Put my face toward the window
The stars above and the lives below
I just wanna feel alive
I just wanna feel alive

I am just a name
No definition
Just a face
Will someone get me away
Away from this place

I am just a name
No definition
Just a face
Will someone get me away
Away from this place

These old veins don't bleed the same
Crimson turned to copper
But it's just the color
Dried up and cold
Just like the weather

The proposition to move left to right
Should I set my pride aside or
Be to blinded to turn and fight
To turn and fight
To turn and fight

Keep both my, keep both my
Keep both my, keep both my
Keep both my, keep both my
Keep both my feet on the floor

Keep both my feet on the floor
And out my face toward the window
The stars above and the lives below
I just wanna feel alive
