Dumpster Dive

Black Lips

I woke up where the sunshine bleeds
Looking in a garbage bin
And I ain't seen some good trash since I
Since I don't know when
Since I don't know when
I went out dumpster diving
Found some dirt painted gold
I kept some dusty silver
All covered up in mold
I dived in dusty diamonds
All crumbly and old
I took some Sancrest jewelry
And dumped it in the hole

I woke up where the sunshine bleeds
Looking in a garbage bin
And I ain't seen some good trash since I
Since I don't know when
Since I don't know when
I went out dumpster diving
Found some dirt painted gold
I kept some dusty silver
All covered up in mold
I dived in dusty diamonds
All crumbly and old
I took some Sancrest jewelry
And dumped it in a hole
