

# Down That Road

Debbie Gibson

Oh

I've been down that road  
Holding my ground and it kills me  
'Cause you're so cool to be around  
When you're around  
But I think you've lost you  
And I think of other lovers lost  
And the soul wrenching cost  
And I'd rather have you in my life, yeah

Feeling down

But empowered just the same  
High on the pain that I'm saying no to  
Don't wanna be another lesson learned  
Another stripe you've earned  
So goodbye

Sometimes the light just fades  
Yeah the ball of yarn that just runs out  
And you hold on for dear life  
Coming from a place of doubt  
Sometimes the light just fades  
Yeah the ball of yarn just runs out  
And you hold on for dear life  
Coming from a place of doubt

Well I've been down that road once or twice before

Once or twice before

I ain't going there again

You can't take me there

I won't follow you

I will walk away

While I still can call you a friend

Led me down the garden path

Then who's left with the aftermath

And it doesn't add up

It's a mixed equation

Was in for the long haul

Yeah you were my all-in-all

Guess I was your recreation

Sometimes you swim and swim

Expecting to see something more

And your whole soul gives out  
Before you reach the shore  
Sometimes you swim  
And you see nothing more  
And your whole soul gives out

Before you reach the shore  
Well

I've been down that road once or twice before

Once or twice before

I ain't going down again

You can't take me there

I won't follow you

I won't follow you

To some bitter bitter end

Whoh, woah, I've been down that road

Soothing music plays

Used to think of our somedays

When there was a someday

But it came too soon

Soothing music plays

Used to think of our somedays

When there was a someday

But it came too soon

Just as well

'Cause I've been down that road once or twice before

Once or twice before

I ain't going down again

You can't take me there

I won't follow you

I won't follow you

Oh no

I've been down that road, been down that road before

Ain't going down again

Oh no

I ain't going there again

I've been down that road, been down that road before

Ain't going down again

Um

I've been down that road, been down that road before

Ain't going down again

Oh, you can't take me there

I've been down that road, been down that road before

Ain't going down again

Whoa

I've been down that road, been down that road before  
Ain't going down again
