Stay Committed

Feeki

Fuck it
I gonna really quit it
I'm tired of trying to get it
While I fucking feel constricted
I'm sick posting videos for all my fans to listen
Just to read that comment that says
"Dudes trash that was written"
A bottom feeder that's typing heat is a fucking maggot
The one that tag all of his homies
"Did you see this faggot"
News flash this is music not passion joe
And thank you for the views you gave me You just helped my planet blow, woah
Like how do I even respond
"Yeah it came from my brain and I used my thumbs to write this song"
Rip the microphone and mix and master go and post it
Praying that it get me noticed
But it shows me more opponents
Sick of waking up and reading that I'll never make it
From someone that I'll never meet
and don't know what my name is
Now the kids supposed to act like that shit doesn't faze 'em
No matter how great you become you'll always be hated

Another day I'm waking up and thought I couldn't get it
Yesterday I hit my limit
Fuck it I'll just quit it
See my people show me love
Hold up wait a minute
Another reason one the many that I stay committed
Another day I'm waking up and thought I couldn't get it
Yesterday I hit my limit
Fuck it I'll just quit it
See my people show me love
Hold up wait a minute
Another reason one the many that I stay committed

3 years deep and I haven't accomplished shit
Just a couple empty lines and broken promises
Everyday I rise and grind no ones stopping this and isn't it ironic that's the reason that y'all quit

The present times are fucking tough
but I just disregard it
Giving everything I got to get
"This shit is garbage"
Brush it off and remember the reasons I started
Focus on the day I get to quit rap and become an artist
Everyday I think tomorrow that I'm soon to blow
But how the fuck you going to do it
When you scared to do a show
A lot of shit up on my mind
About to lose it bro
Going through a major break-up
Damn that bitch was beautiful
I'm tired of being stressed
I'm tired of being normal
Second place doesn't cut it when your i-fucking-mortal
I know I need to get it like I always knew I would
I guess I gotta stay working more than I knew I could

Another day I'm waking up and thought I couldn't get it
Yesterday I hit my limit
Fuck it I'll just quit it
See my people show me love
Hold up wait a minute
Another reason one the many that I stay committed
Another day I'm waking up and thought I couldn't get it
Yesterday I hit my limit
Fuck it I'll just quit it
See my people show me love
Hold up wait a minute
Another reason one the many that I stay committed

Lets fast forward to today I'm picking up
Some steam
Trying to sign a major while they striking out of little league
I got a team
The homies that believe in me
Take 'em to this dream
For the green
They know what I mean
Trying to lead us down a path to make us fucking glisten
A lot of pressure I don't fuck up all these tough decisions
Emailing managers that like me because my sound is different
Funny because a year that reasons why they wouldn't listen
Killing shows for some people that I never met

Walking and lit up on the stage feeling hesitant
Better yet 100,000 now I'm play to flow
Fans are snapping videos of me up on the radio
This is just the beginning I know and I'll admit it
Took 4 to prove to you that I could spit it
There ain't a limit to living
So go and get you winnings
There's only one right decision
Stay committed

Another day I'm waking up and thought I couldn't get it
Yesterday I hit my limit
Fuck it I'll just quit it
See my people show me love
Hold up wait a minute
Another reason one the many that I stay committed
Another day I'm waking up and thought I couldn't get it
Yesterday I hit my limit
Fuck it I'll just quit it
See my people show me love
Hold up wait a minute
Another reason one the many that I stay committed
