

Snow Is Gone (Live from Vicar Street)

[Josh Ritter](#)

Birds beneath my window dusting their wings upon the lawn
I hear them in the morning light giving last amen to a migratory song
They're never looking round for me their eyes are on the sky or the ground below
But I'd rather be the one who loves than to be loved and never even know[Chorus]
Hello blackbird hello starling
Winter's over be my darling
It's been a long time coming
But now the snow is gone You were beautiful when I first saw your feathers and confectionery airs
Like the earth it up and promised you the stars but you really didn't care
I sang in exultation pulled the stops you always looked a little bored
But I'm singing for the love of it have mercy on the man who sings to be adored[Chorus] I'm underneath your
window now it's long after the birds have gone to roost
And I'm not sure if I'm singing for the love of it or for the love of you
But I've flown a long way honey hear my confession then I'll go
I'd rather be the one who loves than to be loved and never even know
Hello brown one hello blue one
Last night's feathers exchanged for new ones[Chorus]
