Time

The Mowgli's

I don't like time, time is making me old
But I'm doing alright cause I will still be young tomorrow
And I can't stand working all day work is wearing out my soul
I think I'll go out tonight and I will call in sick tomorrow
I get so down about this world sometimes
I cannot understand people, no not at all
But, I hope to see a change in manI hope to see us love one another and I know we can
My bank account is runnin' out
I'm paying fees for overdrafts but when I win the lottery
I'll tell Bo Fa that they can kiss my ass
Cause I don't like time, time's ticking away my life
So I live the way I want to live and I will live this way till I am dead
When life gets hard you've got remember who you are
And forget about what people think
Just be who you want to beDon't you want to see how good life can be?
Lets make a harmony and life will sing
And I wait for you to come home
I haven't seen you in so long I don't remember what you look like
So I will see you for the first time
I've been dreaming of the open roadI've got this feeling like I won't be coming home anytime soon
Lets go around this world and make it new
Lets get lost, lets walk into the dark and forget about our sorrows
We'll learn to let go
Singin' oh I know we can
Don't you want to see how good life can be?
Lets make a harmony and life will sing
