

# Betchya Got a Cure for Me (Long Version)

**Sophie B. Hawkins**

We all need somebody  
We all have a soul to save  
You're not cheap  
So you think you're gonna get your way When you lie, cheat and steal  
Bury your own to make a deal  
I've been in chains  
And I don't like the way it feels Betchya gotta cure for me  
Betchya put me out of pain  
Betchya gotta a cure for me  
Without a stitch of shame  
Betchya gotta a Messiah thing  
Betchya fill my prescription  
Betchya gotta cure for me  
Betch you'll be my addiction We all wanna be somebody  
We all have a price to pay  
You'll succeed  
But you'll never throw your past away
