No Trouble

The Weepies

I don't need no trouble
But sometimes trouble needs me
I don't need no trouble
But it's plain to see
Sometimes trouble needs me

A couple of my friends, and a couple omnivores
...
Love is not a law, anybody can enforce
Andone can enfore

I don't need no trouble
But sometimes trouble needs me
I don't need no trouble
But it's plain to see
I don't need no trouble
But sometimes trouble needs me
I don't need no trouble
But it's plain to see
Sometimes trouble needs me

You're the only trouble I need
You're the only trouble I need
You're the only trouble I need
You're the only trouble I

Knocking on my door, it was trouble and in need
I figured he would fall
But he took me anyway
Always gonna pay for the kindness that you lose
For the kindness that you lose

I don't need no trouble
But sometimes trouble needs me
I don't need no trouble
But it's plain to see
I don't need no trouble
But sometimes trouble needs me
I don't need no trouble
But it's plain to see

Sometimes trouble needs me

You're the only trouble I need
You're the only trouble I
You're the only trouble I need
You're the only trouble I

There's trouble in the world, and trouble in my life
Trouble is [?], seems to be enough time
The more you look for love, the more you gonna find
The more you gonna find

I don't need no trouble
But sometimes trouble needs me
I don't need no trouble
But it's plain to see
I don't need no trouble
But sometimes trouble needs me
I don't need no trouble
But it's plain to see
Sometimes trouble needs me
