

# Options

Rob Andrews, Bevan Miller

I could be the guy at the end of the street  
high on caffeine

Ranting and raving, baby  
And that's OK

At least I've got options

Or I could be the one who gives it all up  
and moves back to the parents' house

Live in the basement baby  
And that's OK

At least I've got options

All the things you'll see  
And the place you'll go  
All the people you need  
Everybody wants you  
Wants to be you

I could settle down be responsible  
Be a good man

And Learn how to fix things, baby  
And that's OK

At least I've got options

Or I could try and learn what I unlearned  
Moving to business

And make loads of money for gullible people  
That's OK

At least I've got options

All the things you'll see  
And the place you'll go

All the people you need  
Everybody wants you  
Wants to be you

I never wanted to change you

I only wanted to share

I don't believe, I don't believe  
Starting over and over again,

Over and over again

Somebody who understands and loves me  
Despite all my weakness' baby  
And that's OK  
At least I've got options

All the things you'll see  
(All the things that you wanted see)  
And the places you'll go  
(All the places that you wanted to go)  
All the people you need  
(All the people you wanted to need)  
And the lovers you've known  
All the lovers that you wanted to know

Everybody wants you  
Wants to be you

Over and over again  
Over and over again
