Everything You've Come To Expect

The Last Shadow Puppets

[Verse 1: Alex Turner and Miles Kane]
Tiger eyelashes, summer wine
Goosebump soup and Honey Pie
Piggy in the middle I'm the baddest daddy
About to make my golden move
Apocalyptic lipstick campaign
Four Horsemen in a one horse race
The dance she does to Shadowplay
Appeals to an ancient impulse[Chorus: Alex Turner and Miles Kane]
Ghost Riders and The Rat and Parrot
Croc-skin collar on a Diamond Dog
Dirtbag Ballet by the bins down the alley
As I walk through the Chalet of the shadow of Death
(Everything that you've come to expect)
I guess the coastal air gets a girl to reflect
(Everything that you've come to expect)
I just can't get the thought of you and him out of my head
(Everything that you've come to expect)
Everything that you've come to expect[Verse 2: Alex Turner and Miles Kane]
Hotel room Holy Bible
Hotel room free love revival
Baby it's a never ending spiral
'Looks a little bit like Paris[Chorus]
[Outro: Alex Turner and Miles Kane]
Everything that I've tried to forget
(Everything that you've come to expect)
Everything that I live to regret
(Everything that you've come to expect)
Everything that you've come to expect
