Chemistry

Zoot Woman

Chemistry
I left where I was from
Felt the rhythm was wrong
But my eyes for you stayed
Open every dayI don't worry about us today
I feel ok when I hear you say
It may rain on our parade
But our light will shine on
What we have is chemistry
We will last for centuries
To the beat of our own drum
We will march, we will run
Don't need diamonds or pearls
We've all the time in the world
Turn our grey skies into blue
We will walk in our own shoesNever thought I would run
To the streets I came from
But I've found from history
To trust in chemistry
What we have is chemistry
We will last for centuries
To the beat of our own drum
We will march, we will run
Don't need diamonds or pearls
We've all the time in the world
Turn our grey skies into blue
We will walk in our own shoes
