## **Get Together**

## **The Human League**

Love is but a song we sing And fear's the way we die You can make the mountains ring Or make the Angels cry Though the bird is on the wing You may not know why Come on people now Smile on your brother Everybody get together Try to love one another right now Some may come and some may go We will surely pass When the one that left us here Returns for us at last We are but a moment's sunlight Fading in the grass yeah Come on people now Smile on your brother Everybody get together Try to love one another right now Come on people now Smile on your brother Everybody get together Try to love one another right now If you hear the song we sing You will understand You hold the key to love and fear All in your trembling hand Just one key unlocks them both It's there at your command Come on people now Smile on your brother Everybody get together Try to love one another right now Yeah come on people now Smile on your brother Everybody get together Try to love one another right now Try to love one another right now

Try to love one another right now
