

# Smaller

Erik Hassle

[Verse 1]

Been around the world  
Looking for the cure for pain  
No matter where I go  
Everybody looks the same  
No escaping this heart from breaking  
Baby, when I think of you  
Oh, when I think of [Pre-Chorus]  
She's so pretty and the night's still young  
I'll block you out, let me have some fun  
I'm falling down, I'm falling out  
I'm falling over  
Why [?] go chasing clouds  
And I end up somewhere where the sun don't shine  
I'm falling down, I'm falling out  
I'm falling over [Chorus]  
They say what doesn't kill you makes you stronger  
I don't know about that  
You left me in a bad state  
Now I feel everything but strong, yeah  
And there's no way back  
There's no way back  
What doesn't kill you makes you smaller  
What doesn't kill you makes you cold  
What doesn't kill you makes you wonder  
If all there is is nothing at all [Verse 2]  
This situation needs medication  
There's no way back, no  
There's no way back to you  
Gotta keep on walking this road to nothing  
Cause there's no way back  
Baby, when I think of [Pre-Chorus]  
She's so pretty and the night's still young  
I'll block you out, let me have some fun  
I'm falling down, I'm falling out  
I'm falling over  
Why [?] go chasing clouds  
And I end up somewhere where the sun don't shine  
I'm falling down, I'm falling out

I'm falling over[Chorus]  
They say what doesn't kill you makes you stronger  
I don't know about that  
You left me in a bad state  
Now I feel everything but strong, yeah  
And there's no way back  
There's no way back  
What doesn't kill you makes you smaller  
What doesn't kill you makes you cold  
What doesn't kill you makes you wonder  
If all there is is nothing at all  
If all there is is nothing at all, yeah  
If all there is is nothing at all
