

# Let Me Down Easy

## Billy Currington

There's a little moonlight dancing on the sand  
There's a warm breeze blowing by the ocean as you're taking my hand  
    You need to know where I'm standing now  
    That I'm right on the edge of giving into ya  
        Baby it's a long way down[Chorus]  
        If I fall, can you let me down easy?  
        If I leave my heart with you tonight  
    Will you promise me that you're gonna treat it right?  
        I'm barely hangin' on  
If I fall, can you let me down easy?The scent of your perfume floatin' in the air  
    You're looking like an angel lying on a blanket with a halo of hair  
        And those lips look too good to be true  
    Once I taste that kiss, I know what'll happen  
I'll be at the mercy of you[Chorus: x2]If I fall, can you let me down easy  
    Let me down easy baby
