

# Blue Christmas

## Lady Antebellum

(Here we go)I'll have a blue Christmas without you  
I'll be so blue just thinking about you  
Decorations of red  
On a green Christmas tree  
Won't be the same dear  
If you're not here with me  
And when the blue snowflakes start fallin'  
That's when those blue memories start callin'  
You'll be doing alright with your Christmas of white  
But I'll have a blue, blue, blue, blue ChristmasOh, no, no, noI'll have a blue Christmas without you  
I'll be so blue just thinking about you  
Decorations of red  
On a green Christmas tree  
Well it won't be the same dear  
If you're not here with me  
And when those blue snowflakes start fallin'  
That's when those blue memories start callin'  
You'll be doing alright with your Christmas of white  
But I'll have a blue, blue, blue, blue Christmas
