

# Ribbons and Bows

Kacey Musgraves

Don't need ribbons and bows to cure my woes  
No, I just need your love  
Expensive rings or diamond things  
No, I just need your love  
Don't get me wrong, a shiny new Mercedes would look nice in my driveway  
Or a roundtrip ticket for a long vacation on a big fancy jet plane  
There's only one thing that I want  
Baby, it's hard to find and it's already mine  
I don't need ribbons and bows to cure my woes  
No, I just need your love  
Expensive rings or diamond things  
No, I just need your love  
No, I don't need much under the tree  
Oh, but you can light me up  
No ribbons and bows to cure my woes  
'Cause I just need your love  
All the ladies down at the hair salon are gonna brag about what they got  
Or walk in drippin' in their bobbles and trinkets and their whosits and whatnots  
There's only one thing that I want  
Baby, it's hard to find and it's already mine  
Don't need ribbons and bows to cure my woes  
No, I just need your love  
Expensive rings or diamond things  
No, I just need your love  
No, I don't need much under the tree  
Oh, but you can light me up  
Ribbons and bows to cure my woes  
'Cause I just need your love  
Oh, I, I, I just need your love  
I, I, I just need your love  
Don't need ribbons and bows to cure my woes  
No, I just need your love  
Expensive rings or diamond things  
No, I just need your love  
No, don't need much under the tree  
Oh, but you can light me up  
Ribbons and bows to cure my woes  
'Cause I just need your love
