

Back To Bethlehem

[Kenny Rogers](#)

Why does it feel, we walk in a world full of strangers
How did we stray so far from that miracle in the manger
When did we lose sight of that star
Why must we live lost in the dark There's a light that shines within us
A humble gift for peace and forgiveness
On this Christmas night
Let's follow the light
Back to Bethlehem Relive the birth, witness the sweet joy of kindness
Reach out in faith, cast off the bitterness that blinds us
Find our way back to where it all began
Give of our hearts, let love be born again Chorus Rest assured with every step we're taking
We'll be leading one another
One step closer to our savior Chorus
