

# Black Helicopter

Matthew Good

You're going to take what you can get  
A hammered Styrofoam  
Beat into the West  
Live the highway in your home  
You're going to get what you deserve  
And not a penny less  
Concrete the natural absurd  
Only killers call killing progress Fall on me black helicopter  
You're all I see You're going to take what you can get  
Food aid rock and roll  
Absolution for your head  
For Xbox, COINTELPRO You're going to get what you deserve  
And not a bullet less  
Hey Sammy, ain't you heard?  
Only killers call killing progress Fall on me black helicopter  
You're all I see
