Asthenia

Blink 182 (By Victor BOI)

Last night it came as a picture
With a good reason a warning sign
This place is void of all passion
If you can imagine it's easy if you try
Meet me, I failed this effort
I wrote a reminder this wasn't a vision
This time where are you Houston
Is somebody out there will somebody listen?
Should I go back should I go back, should I?
I feel alone and tired
Should I go back should I go back, should I?
I hope, I won't forget you
My head is made up of memories
Most of them useless delusions
This room is bored of rehearsal
Sick of the boundaries, I miss you so much
Should I go back should I go back, should I?
I feel alone and tired
Should I go back should I go back, should I?
This time I don't want to
Should I go back should I go back, should I
I feel alone and tired
Should I go back should I go back, should I
I hope, I won't forget you
Should I go back should I go back, should I?
I feel alone and tired
Should I go back should I go back, should I?
This time I don't want to
Should I go back should I go back, should I?
I feel alone and tired
Should I go back should I go back, should I?
I hope, I won't forget you
