Stroker Ace

Charlie Daniels Band

Light up the wheels and go for broke
Stomp that pedal with a sniftin stroke
Smack that roadblock caught in a pickle
I'm gonna hit that line like old dick trickle
Well my motor's fine and this train's on time
And when I cross that line I'm gonna make you mine
I'm stroker ace-stroker ace-stroker ace
Well it smells like poop and it sure looks crappy
Gotta get back to north pappy flappy

Well it's one a.m. and I'm rollin' in the car now
Gonna hit last call down at the bar now
Got a shammy in my pocket and it's burnin' a hole
Stick it the floor and watch me roll
Well my motor's fine and this train's on time
And when I cross that line I'm gonna make you mine
I'm stroker ace-stroker ace-stroker ace
Well it smells like poop and it sure looks crappy
Gotta get back to north pappy flappy
