

# Here's the Situation

Jesse Malin

I'm eating dirt and it doesn't hurt and I'm wrong again - It's the same old situation  
my back is broke and The girl is gone and I'm up in smoke - It's the same old situation  
With a dollar dance and a lonely laugh and a heart of glass - It's the same old situation  
With the saddest song and a pretty face all around the world - It's the same old situation  
Oh, get me out of this life - Oh, get me out this scene  
I'm seeing red and my god is dead and I come again - It's the same old situation  
My heart is stone and my voice is blown on the telephone - It's the same old situation  
Oh, here she comes - All down the line  
With a bitter moon and a black balloon and racist friend - It's the same old situation  
With your politics and your benefits you're gonna save the world - It's the same old situation  
Oh, get me out of this life - Oh, get me out this scene - Oh, get me out of my head  
Gonna fly the flag in a foreign land working for the man - It's the same old situation  
All your hypocrites with your rubber lips and the news at six - It's the same old situation  
You light a match and you strike a pose and your mirror's jammed with the living dead

Like a passenger with a lust for love on a chartless course and you won't be told - It's the same old situation  
Well my bags are packed and my smile is cracked and I want you back  
It's the same old situation - It's the same old situation - It's the same old situation  
Oh, get me out of this life  
Oh, get me out of this scene  
Oh, get me out of my head
