

Benji Is a Hippie

Chelsea Williams

Benji is a hippie, he only eats beans and rice

And he believes that the factories

Are run by dirty bastards

And they should pay their price

And he says,

Heeeee Letâ€™s all stand together

And weâ€™ll protest down at The Gap

And he will trash Death Cab for Cutie

Cause theyâ€™re emo and he says they sound like crap

Benji is a hippie

And though he tries to disguise it I see

Behind his rocker patches and dirty punk CDs

He believes in love, peace and harmony

And he says,

Heeeee letâ€™s all stand together

And weâ€™ll protest down at The Gap

And he will trash Death Cab for Cutie

Cause theyâ€™re emo and he says they sound like crap

And he says,

Heeeee letâ€™s all stand together

And weâ€™ll protest Bushâ€™s war on Iraq

And he does not watch MTV

Cause the DJs suck and all they play is rap

Benji is a Hippie, Benji is a Hippie,

Benji is a Hippie, Benji is a Hippie
