Nobody's Laughing

Freak Kitchen

Nobody's laughing here
Nobody's laughingYour mouth is open wide
Words spin a cynical swingIt's getting cold in inside
While I hear you joking...Sarcasm Boy
You know, some of us are not amusedNobody's laughing here
Nobody's laughing
Nobody's laughing here
Nobody's laughingThe superficiality
And verbal diarrhea's OKWhat scares the pants off me
Is what you really saySarcasm Boy
You know, some of us are not amusedNobody's laughing here
Nobody's laughing
Nobody's laughing here
Nobody's laughingTell me, do I have a hunch?
Should I take you seriously?We're such a clever bunch
Generation IronyBut nobody's laughing here
Nobody's laughingNobody's laughing here
Nobody's laughing
Nobody's laughing here
Nobody's laughingYou have a ball your way
And I am entitled to mineStill, I think my hair will turn gray
Waiting for the punch line
