Bestfriends

[unknown]

Your my best friend
Always been so true (always been so true)
this is why...
I sang this song for you (I did it for you)
and your my best friend (yeah)
Always in my life (you've been always in my life)
and I wanna thank you for being down to ride

Forever yours, Forever mine
Our love will always shine
No matter the situation you were always by my side
Never the less you brought the best of me in the years that i lived
Only love that I got
My right hand, My best friend
Who must'a sent such an Angel to this world that is cold
You belong in the Heavens not this ignorant world
Your my friend, Your my all
Best thing a man could ever have
I'm glad that your mine, and I'm proud to be your man
Understand there is no other, yeah there is just a few
stayin true like you, Never braking a rule ,
LORD forgive me for the things that I have done to you
If you weren't up in my life I wouldn't know what to do
Won't complain about no money
Did things when I was broke, All we needed was each other,
Love is strong to let go
If I die tonight
All I want to let you know,
Reminiscing on what we had ,Hold me tight and don't let go
[Chorus:]
Oh, you?re the one for me, never ever
let me down, you will always be around
Oh, I have to thank you baby,
Always standing by my side, So don't you ever leave my life
Even thru these hard times we continue to face
It's like deep inside of me you can never be replaced
Like when we struggle we get tested in Faith

But you've been strong and stood by me every step of the way

I thank the Lord for the day he brought you to my life,
Changed my world, my destiny
And gave me new life,
So if you got somebody special that's always been true
Show love and take note in everything they do
I can never take for granted what you?ve done for me
Even when we disagree you still stand by me
Late night, Road Trips showing mad support
The type of friends that every homie should be keeping close
Cause your that type of friend that never let me down
Encourage me to see the light
when no one else came around
Down when I had money and down when I was broke
So if I die tonight hold me tight and don't let go
[Chorus:]
Oh, you?re the one for me, never ever,
let me down, you will always be around
Oh, I have to thank you baby,
Always standing by my side, So don't you ever leave my life
I guess that you can say I owe my life to you
The only dream that really matters is to be with you
Cuz even though we argue and we fight sometimes
You'll always be my friend until the end of time

I'm giving love to the one that always stood by my side
If you ever need me baby for you I'll give my life
You've been so true that's why to these I won't hide
My love goes out to you oh I'll never Leave your side(yeah)
[Chorus:]
Your my best friend
Always been so true(always been so true)
This is why..
I sang this song for you (I did it for you)
and you?re my best friend (yeah)
Always in my life (you've been always in my life)
and I wanna thank you for being down to ride?
