

Let's Love

Echosmith

I'm just a girl from the city.
You came to me, like Calvary.
And now, all I want is to hold you now.
I've been saving my soul for someone like you.

So, let's love while we're young.
So, let's love before we've even begun.
Oh, darling, we'll be fine.
So, let's love while we're young.

You were the girl that came with the sunrise;
Long, brown hair and emerald eyes.
And now, I can't think of a day without you.
I've been saving my soul for someone like you.

So, let's love while we're young.
So, let's love before we've even begun.
Oh, darling, we'll be fine.
So, let's love while we're young.

So, let's love while we're young.
So, let's love before we've even begun.
Oh, darling, we'll be fine.
So, let's love while we're young.
