Let's Forget All the Things That We Say

Julia Stone

I am you
You are ready
Like my heart
To be true

I will stay
You have all
I smith hold you
In a way
Is nothing else to do

The frost is slowly falling
And my heart it's calling you
Ice is slowly melting away
Let's forget all the things that we say
I am you
You are ready
Like my heart
To be true

All the feathers in your hair
We are young
But We are older
With the light we've became
In this room

Let's forget all the thinghs that we say
Please
I am safe, please
There's nothing I'd rather do
I'm certainly, I'm certainly
And there's no one else but you

Let's forget all the things that we say
Please
I am safe, please
There's nothing I'd rather do
I'm certainly, I'm certainly
And there's no one else but you

Let's forget all the things that we say
