

Lost Love (Thunderclaw Remix) [feat. Dwntwn]

Futurecop!

Telephone rings and you're on the line
You say we're heading west but I don't reply
I don't wanna leave my home behind
But for you my little darling i'll say goodbye I don't wanna leave my home behind
You got me crying
For you my little darling i'll say goodbye
You made who I am, you made me miss, miss my lost love You made who I am, you made me love
Waking up to snow
Blankest on the road
Fires every night
Oh why'd we have to go
I can tell you're happy living this new life
But you're all I ever see when I close my eyes
You can tell I'm lying when i say I'm fine Part of me missing but there's more to find
Telephone rings and you're on the line But for you my little darling i'll say goodbye
You made who I am, you made me miss, miss my lost love
You made who I am, you made me love
Waking up to snow
Blankest on the road
Fires every night
Oh why'd we have to go
