

# Beat Of My Drum

## Powers

All day I was up  
Falling, thinking about you  
Buzzing by myself tonight  
Same place, same old van  
Same troubles on my mind  
Truth, I still chase and don't know why  
Forever and ever you'd never believe  
For better or worse this is all just a dream  
Whenever the pressure gets you on your knees  
Just take it or leave it as long as you're free!  
Cut me loose. Putting, putting my hands up!  
Move your shoes to the beat of my, beat of my drum  
High and low. Baby now, baby now stand up.  
Making moves, to the beat of my, beat of my drum.  
To the beat of my, beat of my  
To the beat of my, beat of my drum  
To the beat of my, beat of my  
To the beat of my, beat of my drum  
To the beat of my, beat of my  
To the beat of my, beat of my drum  
To the beat of my, beat of my  
To the beat of my, beat of my drum  
One day I realised  
I'm never satisfied  
I'm too drunk on this lullaby  
Forever and ever we never approved  
While everyone's ending is always too soon  
Remember whenever you're black and you're blue  
Don't fake it to feel it, whatever you do.  
Cut me loose, putting, putting my hands up  
Move your shoes to the beat of my, beat of my drum  
High and low, baby now, baby now stand up!  
Making moves, to the beat of my, beat of my drum  
To the beat of my, beat of my  
To the beat of my, beat of my drum  
To the beat of my, beat of my  
To the beat of my, beat of my drum  
To the beat of my, beat of my  
To the beat of my, beat of my drum  
To the beat of my, beat of my  
To the beat of my, beat of my drum  
To the beat of my, beat of my

To the beat of my, beat of my drum  
Glowing, glowing up to deep end  
Preaching, preaching out to masses  
Hoping, hoping I'll see you again. Cut me loose, putting, putting my hands up  
Move your shoes to the beat of my, beat of my drum  
High and low, baby now, baby now stand up! Making moves, to the beat of my, beat of my drum.

To the beat of my, beat of my  
To the beat of my, beat of my drum  
To the beat of my, beat of my  
To the beat of my, beat of my drum  
To the beat of my, beat of my  
To the beat of my, beat of my drum  
To the beat of my, beat of my  
To the beat of my, beat of my drum
