Captain's Hill

Mighty Oaks

The hill we climbed, when we were young
Aside a sea in Ireland
It seemed so tall to children
You pulled me up to roll me downA drive to Fore, an Abby stone
A jump, a photograph all our own
Now we hold to what we lost
A memory like fire in our mindsIt's true, it's true
We learned to live through you
It's true, it's true
We learned to live through youBeen known to use some hope and truth
To get the days to turn around
And if it's lost, it's time to move
I fear we're stretched too thin nowIt's true, it's true
We learned to live through you
It's true, it's true
We learned to live through youAnd if I'd go on today, I'd work for a simple life
And if I'd find a way to walk amongst all the tall pines
And now I'm gonna leade a life alone, I'll walk along the edge
And I'm gonna turn my eyes to you
It's trueIt's true, it's true
That we learn to live through you
