Guitar String

Carly Rae Jepsen

You were here, and then you left
Now there's nobody, nobody
Now they're all just second best
There's nobody, nobody

So if you walk me
I'll be around
You're a bird on the water
I'm a fish on the ground
Just hold closer, I want you to hold me down tonight

But if you cut a piece of guitar string
I would wear it like it's a wedding ring
wrapped around my finger, you know what I mean
You make my heart sing
If you pull a piece of guitar string
I would wear it, this is the real thing
Wrapped around my finger, you what I mean
You make my heart sing

And when you're near, I feel the best
I'm somebody, somebody
What's in my palms, it's in my chest
My whole body, whole body
So if you want me, i'll be around
You're a bird in the water, i'm a fish on the ground
Just hold me closer, I want you hold me down tonight

But if you cut a piece of guitar string
I would wear it like it's a wedding ring
wrapped around my finger,
you know what I mean
You make my heart sing
If you cut a piece of guitar string
I would wear it, this is the real thing
Wrapped around my finger, you what I mean
You make my heart sing

You're in the country, while i'm in the town
You're a bird in the water, i'm a fish on the ground

And I wanna be baby, for you to breathe
And I hope you hear me, and hold on tight
Hold on tight, yeah

If you cut a piece of guitar string
I would wear it like it's a wedding ring
wrapped around my finger, you know what I mean

If you cut a piece of guitar string
I would wear it like it's a wedding ring
wrapped around my finger, you know what I mean
You make my heart sing
If you cut a piece of guitar string
I would wear it, this is the real thing
Wrapped around my finger, you what I mean
You make my heart sing
