

# Nothing Without You

## Fantastic Negrito

MmmmSome of us, we are the abusers,  
and some of us, we are the abused  
Now you and I, we know we've been  
both these things before  
I think it's time we called a truceI know it took some time for me to go  
walking through the doorway alone  
but I believe it was all a lie  
I need you and you need me  
Yeah, yeah, yeah, yeah, yeah,  
I am nothing without you (2)Now, some of us may need a reason  
and some of us, we can fake the truth  
and you and I, you and I are so pissed off  
at the way this world has treted us  
so tell me what you're gonna doFirst time I sit down that I know I'm a liar  
babe, I'm tryin  
I can feel the tiem is running  
(running out on me)Oooh, now I really know,  
I can't do it all alone  
I am nothing without you (2)  
I am nothing without you  
Yes, I try and I try  
but, oh  
I'm nothing without you.
