Me Oh My (DJ Cleaver Remix)

Bryan Ferry

Me oh my I can't believe my eyes
Everything I care about is gone
I wonder why
Life is tough no matter how I tryTell me that I'm dreaming
Tell me it's a lie
Me oh my
Show me that you're mineCan't you hear my beating heart
Go in and out of time
(Me oh my)Me oh my
I can't go on
What can I believe in
Now that you're goneRing phone ring a telephone line
Can't you hear my beating heart
Go in and out of timeOut of my mind,
Out of the blue
Something incredible,
So deja vuHow many times,
Broken in two
Maybe the same thing'll
Happen to youMe oh my,
My world gone wrong
Running out, running out,
Of everything I wantReal from real
Return from light
Can't you hear my beating heart
Go in and out of timeMe oh my
(Me oh my)Nothing is real,
Nothing is true
Wish I could say
The same thing about youHow many times,
Broken in two
Maybe the same thing
Will happen to youNothing is real,
Nothing is true
Wish I could say
The same thing about youHow many times,
Broken in two
Wish I could say

The same thing about you(Me oh my)
