

I Was Made That Way

Geri Halliwell

I guess I'm a bad girl
I've learned to make you cry
I'm hanging my guilty conscience
Drying on the line
Love's hangover is drifting away
I'm good and ready for love
'Cause I know it's a Saturday
Heaven should help me
You are my weekend lover
Just my plaything
When it's raining
I'm just like the weather
Never the same
I can't help it
I was made that way
I guess you're a bad boy
You fooled around for years
I'm making my mind up, baby
A change is good, my dear
Love's hangover is drifting away
I'm good and ready for love
'Cause I know it's a Saturday
Heaven should help me
You are my weekend lover
Just my plaything
When it's raining
I'm just like the weather
Never the same
I can't help it
I was made that way

Heaven should help you
You better run for cover
I'm sunshine and thunder
It's a wonder
And when I say good bye
I want you to stay
I can't help it
I was made that way

Heaven should help me
You are my weekend lover
Just my plaything
When it's raining
I'm just like the weather
Never the same
I can't help it
I was made that way
Heaven should help you
You better run for cover
I'm sunshine and thunder
It's a wonder
And when I say goodbye
I want you to stay
I can't help it
I was made that way
I was made that way
And I'm here to stay, baby
I was made that way
And I'm here to stay, baby
