

State of Emergency

Dru Hill

Silk smooth how I move
But I'm gonna do do what I do
Ima hit this stinkin' move oh
Thinkin' bout slippin' in through the back door
I'm ready to explore I got my
black pants, black gloves, black can and I'm
Sneakin' through all the snakes in the grass so I
Can somehow make it right through the wall
And I'll be in the position of the one I adore[Chorus]
She's in the State of Emergency
All defenses on
I done set off all the alarms
And kidnap her heart
State of EmergencyShe's in the State of Emergency
All defenses on
I done set off all the alarms
And kidnap her heart
State of EmergencyIt's like breakin' and entering please excuse me girl if I'm wrong
I see that you've never ever been in this position before
So baby I'll take the lead, I need you to find love
Please don't leave the alarm
I don't wanna get caught
I got my black pants, black gloves, black can and I
Sneakin' through all the snakes in the grass so I
Can somehow make it right through the wall
And I'll be in the position of the one I adore[Chorus]Call the paramedic cus shorty's bout to get it
She's gona need a stretcher or you might as well forget it
Thats the sound of the sound of the
State of Emergency, State of Emergency
State of Emergency, State of Emergency[Chorus: x2]
