Soothe Me

Sam & Dave

Soothe me, soothe me, soothe me, soothe me, soothe meSoothe me, baby, soothe me
Soothe me with your kindness
Though you know your powerful loving is
Soothing to me, one more timeOh, how I used to rumble and how I used to roam
Oh since I met this baby I'm mad
And all I want do is stay at home, at homeSoothe me, baby, soothe me
Soothe me with your kindness
Though you know your powerful loving is
Soothing to me, over hereI used to hire a lot of girls
Had them big and small
Since I've met this baby of mine
I don't want no other girl at allSoothe me, baby, soothe me
Soothe me with your kindness
Though you know your powerful loving is
Soothing to me, now listen to meSoothe me, soothe me, soothe me, soothe me
Soothe me, soothe me, soothe me, soothe me, soothe me
Soothe me, baby, soothe me, soothe me
