

Gone Are the Days (Riton Remix)

HONNE

Where we're going you won't need him
No looking back from here on in
Let's move you on to better things
'Cause you deserve more than you think
Forget everything you're told
There's greener grass and denser gold
Maybe I should bite my tongue
But I can't seem to fight it And gone are the days you're used to (gone are the days)
Say goodbye to the man who used you, oh And if you've never felt
This way before
I'll show you girl
What you've been waiting for
I can free your mind
Help you lose control
'Cause now's the time
To show you girl You'll come out the other side
You will hold your head up high
If he could only see you now
oh, he'd see how far you've passed him And gone are the days you're used to (gone are the days)
Say goodbye to the man who used you And if you've never felt
This way before
I'll show you girl
What you've been waiting for
I can free your mind
Help you lose control
'Cause now's the time
To show you girl And gone are days you're used to
Say goodbye to the man who used you
I'll treat you the best to soothe you
No, and anything less just won't do And if you've never felt
This way before
I'll show you girl
What you've been waiting for
I can free your mind
Help you lose control
'Cause now's the time
To show you girl Gone are the days
Gone are the days
Gone are the days

Gone are the days
